HeadsUp Lite LED

HeadsUp Lite™ 2630 LED Flashlight

The 2630 uses a super bright 1 watt LED that can be activated in 4 modes: low, medium, high, and flashing (for emergencies). The body is tough ABS resin that's corrosion proof and resistant to extreme temperatures. The 90° pivoting head allows you to aim light right where you need it. Behind it is a handy battery power gauge that shows the level of usage. The light weight battery pack houses 3 AA alkaline cells (included). The 2630 comes with two kinds of straps: a rubber strap for your hard hat or helmet and a comfortable and adjustable cloth strap for bare head. The HeadsUp Lite 2630 is a great hands-free light for work, camping, and hiking.

Minimum Pack 1 ea.
 Packaged Weight: 13.1 oz.
